

THE CONTEST JUG

Uncorked occasionally for the NORTHERN CALIFORNIA CONTEST CLUB
P. O. Box 2025, Castro Valley, California 94546
October-november 1972 - #16

NEXT MEETING: THURSDAY, Nov. 2, 1972 at 8 P. M. at Citizens Federal Savings and Loan, (Lobby) 2000 El Camino Real, San Mateo. From 101 take Rt 92 (Half Moon Bay Rd), south on El Camino two blocks.

We are extending a special invitation to many guests to be with us at this meeting. High scorers in last year's contests and other active competitors in our area are urged to attend. Our purpose is to share our common interest and in general, promote the art of contesting. The program will include a rehash of the CQ WW Phone DX contest in which we have a strong entry in each of the single band categories, plans for the ARRL Sweepstakes and CQ WW CW DX, propagation forecasts for the contest periods, etc. Members are encouraged to be there and perhaps bring a tester guest.

QUESTIONNAIRE: In an effort to please "more of the of the people, more of the time", we ask all members to complete and return(at meeting or by mail) to WA6DKF, 3308 Plateau Dr., Belmont 94002, the tear-off sheet below.

A RECORD! Unofficial reports have it that WA6DIL and crew have broken their own scoring record in the recent California QSO Party, by racking up about 1800 contacts from the K6EBB aluminum farm. Congrats Dave, Don et al.
